OneroRx provides integrated pharmacy services and medical supplies to patients in underserved rural counties and urban areas across the Midwest. The company fills over 3 million prescriptions annually, providing personalized, quality care to patients in six states through 65 locations. Committed to its mission of increasing access to care within local communities, OneroRx leverages its scale and technology to provide retail, specialty and telepharmacy prescription services to individuals, regional hospitals, senior living facilities, long-term care facilities and group homes in markets that have historically been underserved by the large national chains. Our investment was used to support the company's acquisition strategy and provide capital for future growth.
